

# Term 4 – Marvellous Minibeasts

In Term 4, we will be learning all about minibeasts found in the outdoor environment.

Books we might look at ...

## Key Vocabulary ...

**Spider**- An eight legged creature known for making webs.

**Ladybird**- Otherwise known as a ladybird beetle, it has a round colourful body, most commonly red with black spots.

**Caterpillar**-A baby butterfly or moth.

**Butterfly**- A flying insect with wings that are usually brightly coloured.

**Bee**- A flying insect related to a wasp. There are many different types of bees.

**Worm**- A soft long bodied animal with no backbone.

**Cocoon**- A shell caterpillars make to cover themselves and protect themselves when they are turning into a butterfly or moth.

**Habitat**- A home of an animal or plant.

We may be getting some class minibeasts to look after and watch grow!
