

This term we will be talking about the importance of brushing our teeth twice a day. We will look at how healthy eating can help with healthy teeth and offer the children the chance to bake homemade bread.

## Term 4- Moo, Baa, Cluck – On The Farm

This term we will be learning all about; what a farm is, what animals we may find on a farm and what food and drink is produced on a farm. We will be learning about the changes that happen during Spring and we will enjoy celebrating Easter with crafts and baking.

Things you could talk to your child about:  
**Using comparatives: 'bigger' 'longer' 'smaller'** Gather some items that vary in size, point to the bigger one saying 'This car is big and this car is ....' Encourage your child to say the car is 'smaller'. Repeat with other every day items.

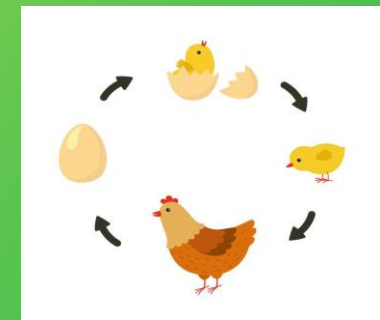

### Key vocabulary:

**Farmer:** A person who looks after and works on a farm.

**Tractor:** A vehicle with large wheels used on a farm.

**Produce:** Food and drink made on a farm.

**Offspring:** When an animal has a baby.

Life cycle of a chicken

Books we may look at:
